Portfolio: zaeem-dev-portfolio-ndyr.vercel.app

PROFESSIONAL SUMMARY

Software Developer and Computer Science student with hands-on experience building responsive, scalable web applications using React.js, Next.js, TypeScript, Tailwind CSS, Material UI, NestJS, Prisma, and PostgreSQL. Experienced in reusable UI development, responsive design, state management, REST API integration, authentication, testing, and full-stack workflows. Also experienced with Python-based data analysis and machine learning projects using Pandas, NumPy, Scikit-learn, and EDA. Seeking Software Developer, Frontend Developer, or Full-Stack Developer opportunities.

CORE SKILLS

Frontend Development: React.js, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Material UI, Redux Toolkit, React Hooks, Framer Motion

Backend & APIs: NestJS, Node.js, Express.js, REST APIs, JWT Authentication, API Integration, Postman

Database & ORM: PostgreSQL, Prisma ORM, MySQL, MongoDB

Engineering: Responsive Design, Mobile-First Development, Reusable Components, State Management, Testing, Debugging, Git, GitHub, Vercel, Figma

Data & ML: Python, Pandas, NumPy, Scikit-learn, Matplotlib, Data Cleaning, EDA, Regression, Classification, Deep Learning Fundamentals

EDUCATION

BS Computer Science | University of Management and Technology (UMT) | 2023 – Feb 2027

FSC | Govt College of Science | 2020-2022

PROFESSIONAL EXPERIENCE

Frontend Developer | Fiverr / Freelance | Jul 2026 – Present | Remote

- Develop responsive, reusable web interfaces using React.js, Next.js, TypeScript, Tailwind CSS, and Material UI.
- Translate requirements and designs into functional UI, integrate APIs, debug issues, and improve cross-device usability.

Frontend Intern | The Dev Corporate | Nov 2024 – May 2025 | Lahore, Pakistan

- Developed and maintained responsive web pages and reusable UI components using React.js, Next.js, and TypeScript.
- Worked with developers on API integration, frontend testing, debugging, UI fixes, and feature delivery.

PROJECTS

Book Shelf — Full-Stack Book Tracking Platform | Next.js, React, TypeScript, Tailwind CSS, NestJS, Prisma, PostgreSQL

Letterboxd-style platform for discovering, tracking, rating, and reviewing books with user profiles and reading activity.

- Built the full-stack application structure, authentication flow, book/search modules, reusable UI, and database-backed features.

HRM — Human Resource Management System | Next.js, Redux Toolkit, MUI, NestJS, Prisma, PostgreSQL

Full-stack management application for employee records, attendance, projects, payroll-related workflows, job applications, and role-based access.

- Implemented frontend workflows, state management, authentication, REST API integration, testing, and backend-connected features.

Darat Booking Engine | React.js, NestJS, PostgreSQL, MUI

Healthcare platform for doctor appointments, medication purchases, and dermatology-related services.

- Developed responsive frontend functionality and performed application testing.

Horizon | Next.js, Tailwind CSS

Immigration platform presenting Saudi Arabia residency plans and helping users explore suitable residency options.

- Developed the responsive frontend and performed testing across application flows.

Loan Lens — Loan Approval Prediction | Python, Pandas, NumPy, Scikit-learn, Machine Learning

End-to-end machine learning project for predicting loan approval outcomes from applicant information.

- Performed preprocessing, exploratory analysis, model training and evaluation, and connected the prediction workflow to a deployed interface.

NYC Yellow Taxi Data Analysis & Machine Learning | Python, Pandas, NumPy, Matplotlib, Scikit-learn

Analyzed approximately 2.3 million NYC Yellow Taxi trip records using data cleaning, feature engineering, EDA, visualization, regression, and classification.

- Converted a large real-world dataset into analysis-ready features, visual insights, and predictive models.

CERTIFICATIONS

- Artificial Intelligence and Machine Learning - Big Brains (2026)
- Agentic AI Certified Foundations Associate - Oracle (2026)
- Intro to Deep Learning - Kaggle (2026)
- Intermediate Machine Learning - Kaggle (2026)
- Data Cleaning - Kaggle (2026)
- Intro to Machine Learning - Kaggle (2026)
- Gemini Certified Student - Google for Education (2026)
